- The February Board meeting has been viewed 49 times (33 from the website, 16 from our Vimeo page). Six people watched it live, there were no interactions.

Quick News

- ✓ The Spring 2021 Newsletter is completed minus a few last-minute additions and editing.
- ✓ Josh Bryant and Kyle Wilborn attended an Indiana811 training hosted by Brown County Water Utility on March 12. They will also be attending the INAWWA Conference in French Lick in April in order to obtain 10 CEUs and great networking opportunities with other operators.
- ✓ The IU Clean Lakes Program is doing multiple student projects for the CSCD at no cost. The research and subsequent reports will be on Zebra Mussel Prevention, Watershed Management, and Water Quality (if time permits this semester).
- ✓ We are returning a majority of the seasonal employees from 2020. We have also received three applications to fill some voids. All job openings, descriptions, and application are available on the website.
- ✓ I will be submitting our internal controls policy to the Board for approval and addition to the CSCD Employee Handbook at the April Board meeting. All managers have assisted in this important document and policy to have controls in place that safeguard the employees and the District.
- ✓ There are 15 beach shelter reservations on the calendar so far. This seems to be on pace with 2020.
